### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

On page 12, line 23, changed "hydrogen" to --Hydrogen--,

On page 16, line 6, changed "not so as to" to --so as not to--.

The following is an examiner's statement of reasons for allowance: The primary reason for allowance is that prior art does not teach a firing furnace in which the exhaust is fed into a methane reformer to heat the reforming material for reacting with steam, while the methane reformer produces reformed gas by way of contact between a methane reforming catalyst and a reforming material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory A. Wilson whose telephone number is (703) 308-1239. The examiner can normally be reached on 7 am - 4:30 pm EST.
